Maintenance Supervisor's Report

On file

Engineer's Report

Dave Kerchner reported he attended a meeting with the Township and DEP about the 537 Plan. The DEP requested a few changes to the plan and the Township is going to meet those requirements.

Dave reported there is still no word on the CITF grant application. He reported it's getting late and he wasn't too optimistic the Authority would be receiving a grant.

Dave reported a developer interested in property on Waterworks Road requested a flow test. Bankson performed the test.

Bankson will perform an inspection on the Masonic sewer lines for the new villas being developed.

Solicitor's Report

The water rate Aleppo Authority charges Sewickley water was discussed. Solicitor Lovato suggested reviewing the most recent agreement between the two Authorities before requesting a new agreement draft. He suggested it would be simpler to work off an existing agreement and updating it rather than start from scratch.

Adjourn

Glen Baggley made a motion to adjourn at 7:50. Len Kinter seconded. The motion passed unanimously.

Respectfully submitted,

Nicole Harris
